FOREWORD

The following pages contain copies of lists compiled from the Annual Reports and Transactions of the Plymouth Institution for my own local history research purposes. Although it is my hope that the information will be found to be reasonably accurate, the data has been neither cross-checked nor edited to the standard which would have applied if the original aim had been to produce a comprehensive and fully-edited directory of members. Although this is not likely to matter to a casual user, any serious researchers are advised to use these lists as a starting point and carry out their own cross-checks and editorial research in relation to those people of particular interest to them.

My main sources of information were the Annual Reports up to 1898-99, supplemented by the Appendix to the Transactions 1830 (Officers 1830), Transactions Vol. ~~III~~ pp. 155-178 (Officers and lecturers 1812-13, 1833-34/1854-55), and Transactions Vol. XVII pp. vii-ix (Presidents of the Plymouth Institution 1812-13 to 1923-24). The records of members before 1855 are incomplete, as only the names of the officers and lecturers are printed for the years 1833-4/1854-5, and not even all of the officers for the years prior to 1833. Hence, any apparent gaps in membership records do not mean that the person concerned was not a member - only that no positive record of membership has been found in the above sources.

Membership categories have been abbreviated to the following:

- A Associate
- CM Corresponding member
- E Election to membership
- HM Honorary member
- JA Junior associate
- LA Lady associate
- LM Life member
- M Lecturing member
